Sub: Volunteers for Heritage Walks

1. Transport with the wheels is the best thing to have happened to mankind. However, there are places that are best traveled by foot. The Heritage Walks aim to raise the awareness of the local people and the visitors about the city's architecture and monuments. This establishment as a part of the initiative to develop –'a Heritage City' is starting with Heritage Walks and Drives covering the entire city of Delhi. Delhi also boasts of numerous historical structures, which reflect the brilliant architecture of the Mughals and the British. Walk through the passages and halls of these buildings, and quietly unfold the unknown tales of the rulers who made them. These walks and drives are an insight of the historic era and heritage structures which still stay to say the story of Civilizations in Delhi. Personalize, educative and imaginative, the walking tours highlight the vast range of architectural styles, planning elements and ornamental details, tracing the social and cultural history of the city. The Delhi will be best showcased through the series of walks and will eventually become a regular feature for the entire tourist traffic both domestic and international. These walks also foresee to be a medium to conserve the heritage structures falling on the route of the heritage walks which in turn would help restoring the historicity for the posterity.

2. Shahjahanabad Redevelopment Corporation (SRDC) has decided to conduct Heritage Walks covering the various heritages places in Delhi such as Old City of Shahjahanabad, Archaeological Park at Mehrauli, Qutub Minar, etc. for conducting the Heritage Walks, SRDC requires Heritage Volunteers who will be given the necessary training and also '**out of pocket expenses**' for the days of the Walks.
